

LOSS PREVENTION SECURITY CABINETS

SPECIFICATIONS

8000 Series with optional bottom wire shelves (left) and optional bottom steel shelves (right).

Pioneered by Folding Guard— and still the standard in loss prevention.

Stand-alone Loss Prevention Security Cabinets are designed to secure small- to medium-sized products where they are stored — on the sales floor, in the back room, or in the receiving area. Open mesh design allows for quick visual inspection and will not deter sprinkler systems. 8000 Series is designed to completely fit into a standard 96" wide pallet rack.

Panels 8-gauge galvanized welded wire with 1-1/2" x 3" grid openings.

Frame 2" x 2" 14-gauge galvanized steel frame

Door Industrial grade hinged doors feature built-in cylinder lock.

Finish Galvanized.

Options Wire shelf made of 4-gauge galvanized welded wire with 1-1/2" x 3" grid openings.

Sheet metal shelf made of 18-gauge galvanized steel.

Electronic lock with Audit Trail.

Powder coating.

Installation Ships fully assembled.

Architectural Furnish Loss Prevention Security Cabinets manufactured by Folding Guard Corporation, 5858 West 73rd Street, Bedford Park, IL 60638.

Warranty 1 year.
